**Accessibility Plan**

**DATE: July 2024**

**Review date: July 2025**

**Stand tall, reach high, love learning**

The Bowerham Primary and Nursery School community is proud to nurture aspiration, inspire love for life-long learning and prepare children for a changing society.

At Bowerham School we:

- Ensure all children have access to a fun and engaging, ambitious and creative curriculum that widens their life experiences
- Develop confident and independent learners with motivation, curiosity and a love of learning
- Ensure all children learn about and demonstrate the British Values of: tolerance, mutual respect, individual liberty, democracy and rule of law, while respecting differences including gender, ethnicity, religion and ability.
- Nurture, develop and challenge children to be aspirational and secure within themselves in order to prepare them for their future

Within our Bowerham Baby Unit we follow the policies and procedures as outlined for Bowerham Primary and Nursery School.

Statements highlighted in blue are additional policy statements specific to our Baby Unit, unless the policy states that it is a baby unit policy.

**Introduction**

**The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. The Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:**

- not to treat disabled pupils less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled pupils.

**This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:**

- increasing the extent to which disabled pupils can participate in the school curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

**It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary.**

### **DEFINITION**

Disability is defined by the Disability Discrimination Act 1995 (DDA): *A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.*

### **KEY OBJECTIVE**

- To reduce and eliminate barriers to access to the curriculum and to full participation in the school community for pupils, prospective pupils, parents, governors and external workers with SEND.

The school is committed to ensuring equal treatment of all its employees, pupils and any others involved in the school community, with any form of disability and will ensure that disabled people are not treated less favourably in any procedures, practices and service delivery.

### **PRINCIPLES**

- Compliance with the DDA is consistent with the school's aims and equal opportunities policy, and the operation of the school's SEND policy.
- The school recognises its duty under the DDA:
  - Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
  - Not to treat disabled pupils less favourably
  - To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
  - To publish an Accessibility Plan
- The School will:
  - Recognise and value parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities, and respects the parents' and child's right to confidentiality
  - Provide all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles. This curriculum endorses the key principles in the National Curriculum 2000 framework, which underpin the development of a more inclusive curriculum by:
    - Setting suitable learning challenges
    - Responding to pupils' diverse learning needs
    - Overcoming potential barriers to learning and assessment for individuals and groups of pupils

### **ACTIVITIES**

#### **Education and Related Activities**

The school will continue to seek and follow the advice of the LEA services and outside agencies such as specialist teacher advisers, SEND consultants, and appropriate health professionals.

### **Physical Environment**

The school will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

### **Provision of Information**

The school will make itself aware of local services, including those provided through the LEA, for providing information in alternative formats when required or requested.

The school accessibility plan will, where appropriate be co-ordinated with the local authority accessibility plan, social services and relevant health agencies. The Governing Body takes responsibility for the school accessibility plan

- The Accessibility plan will be reviewed and revised annually by the SLT and the Governing Body
- Success criteria include: completion of planned activities, satisfactory measurement of the effectiveness of activities and reductions in any complaints about accessibility in the school
- The review will use the school provision mapping system, children's individual access plans, outcome of data set monitoring, and the priorities in the School Improvement Plan.
- The Access plan will be available to all children, staff, and parents to contribute to the review process at any time.

Bowerham Primary and Nursery School's Accessibility plan has been written after analysis of pupil, parents and staff data and questionnaires and monitoring procedures that evaluate:

- Teaching, Learning and Assessment;
- The School Environment;
- Extended Learning Opportunities;
- Staff development and Recruitment;
- Partnerships with Families and the Wider Community;
- Links with other agencies or clubs.

By evaluating access of all members of the school community to these key aspects of Bowerham Primary School, we ensure that our Equality Duty- Equality of Opportunity is met in addition to that of the SEN and Disability Act 2001.

This plan outlines the commitment of the staff, pupils and governors of Bowerham Primary and Nursery school to ensure that all aspects of our school are accessible to all members of the school community.

The members of our school community include:

- Pupils (including **baby unit**, nursery, reception, KS1 and KS2)
- Staff,
- Parents/carers,
- The governing body,
- Multi-agency staff linked to the school,
- Visitors to school,
- Students on placement.

## **LINKED POLICIES**

The Accessibility Plan will contribute to the review and revision of related school policies:

- School Mission and Aims
- School Development Plan
- Asset Management Plan
- Health and Safety Policy
- SEND Policy/ Report
- Anti-bullying
- Educational Visits
