

Evaluation of Bowerham School Parental Questionnaire 2025

We are incredibly grateful to all the parents and carers who took the time to respond to our recent questionnaire. We received **217 responses out of a possible 491**, resulting in a **44% response rate**.

The results are overwhelmingly positive, with **90% of parents agreeing with all statements**. Impressively, half of these statements received over **95% agreement**, and at least **40% of responses strongly agreed** with each question.

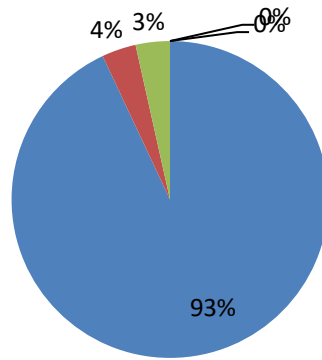

To ensure every parent had the opportunity to share their views, we made the questionnaire available both via our parent app and in paper form. We are especially thankful for the thoughtful feedback provided, both positive and constructive. A selection of these comments has been included in a separate section at the end of this document.

We have personally contacted all parents who selected “disagree” for any statement or shared constructive comments. These conversations have been extremely positive, allowing us to provide clarity, address concerns, and identify ways we can work together to improve. One key area identified for review is **communication**, particularly regarding **Showbie** and parent app messages. Please refer to the additional review document for our proposed improvements to enhance communication across the school.

Thank you once again for your invaluable feedback and continued support. Working together, we can ensure the very best for our children and school community
